Volume 91, 1982

SUBJECT INDEX (Plant Sciences)

Acacia auriculiformis
Nuclear behaviour during heartwood formation in *Acacia auriculiformis* A. Cann 107
Acanthaceae
Cytological studies on certain acanthaceae from Central India 479
Adaptation
Reproductive efficiency of secondary successional herbaceous populations subsequent to slash and burn of sub-tropical humid forests in north-eastern India 61
Airborne pollen
Airborne pollen grains of Visakhapatnam : A combined field and air sampling study 329
Alysicarpus
A contribution to the embryology of *Alysicarpus monilifer* D.C. 9
Amino acids
Changes in proteins, amino and keto-acids in different seedling parts of *Cyamopsis tetragonolobus* Linn. during growth in light and darkness 417
Anamorph
Thaxteriellopsis lignicola and its *Moorella* anamorph 1
Anatomy
Identity of *Ficus macrocarpa* Wt. *ex* King (= *F. amplocarpa* nom. nov.) and *F. guttata* (Wt.) King—A reinvestigation with anatomical evidence 115
Leaf architecture of Apocynaceae 189
Andropogoneae
Embryological studies in three species of *Cymbopogon* Spreng (Poaceae) 55
Anther tapetum
Anther and pollen development in cotton haploids and their parents 409
Apical dominance
Effect of morphactin, AMO-1618 and DPX-1840 on the endogenous levels of hormones and its implication on apical dominance in *Glycine max* Linn. 501
Apocynaceae
Leaf architecture of Apocynaceae 189
Apospory
Apomixis in *Cenchrus glaucus* Mudaliar et Sundaraj 25
Aquatic habitats
Studies on *Beggiatoa* : Distribution and growth in aquatic habitats of Visakhapatnam 159
Arachis hypogaea L.
Groundnut rust—its survival and carry-over in India 93
Atmospheric biopollutants
Airborne pollen grains of Visakhapatnam : A combined field and air sampling study 329

Bacterial thread
Initiation, development and structure of root nodules in some members of the tribe Trifolieae (Papilionaceae) 309
Bacteroid zone
Initiation, development and structure of root nodules in some members of the tribe Trifolieae (Papilionaceae) 309
Beggiatoa
Studies on *Beggiatoa* : Distribution and growth in aquatic habitats of Visakhapatnam 159
Bioassay
Vesicular arbuscular mycorrhiza in sub-tropical aquatic and marshy plant communities 69
Biomass
Structure and function of a sub-tropical humid forest of Meghalaya I. Vegetation, biomass and its nutrients 241
Boll
Responses of cotton-cultivars to long day conditions 389
Brassica campestris L. var. toria
Effect of CO_2 in overcoming self-incompatibility barriers in *Brassica campestris* L. var. toria 227
Bryophyta
The genus *Jackiella* in South India 131
Geocalyx Nees—a rare marsupial genus from India 139
Bud dormancy
Photoperiodic control of extension growth, bud dormancy and flowering of *Nerium indicum* Mill. and *Thevetia peruviana* Schum 175

B-Vitamins
Interaction of kinetin with B group vitamins on the seedling growth of green gram (*Phaseolus radiatus* L.) 183
Association of chlorophyll content, phyllotaxy, photosynthesis and B group vitamins in some C_3 and C_4 plants 495

Cardamom
Regeneration of plantlets from callus of *Elettaria cardamomum* Maton 37
Callus culture
Regeneration of plantlets from callus of *Elettaria cardamomum* Maton 37
C_3 and C_4 plants
Association of chlorophyll content, phyllotaxy, photosynthesis and B group vitamins in some C_3 and C_4 plants 495
Canopy index
Quantitative profile structure of certain forest in the Kumaun Himalaya 529
Carbondioxide
Effect of CO_2 in overcoming self-incompatibility barriers in *Brassica campestris* L. var. toria 227
Carry-over
Groundnut rust—its survival and carry-over in India 93
Casuarina
Airborne pollen grains of Visakhapatnam : A combined field and air sampling study 329
Cell elongation
Correlated promotion of ray-floret growth in chrysanthemum by potassium chloride, gibberellic acid and sucrose 101
Cell wall
Morphological and metabolic changes in the egg and zygote of *Lagerstroemia speciosa*. I. Cell size, vacuole and insoluble polysaccharides 465
Cenchrus glaucus
Apomixis in *Cenchrus glaucus* Mudaliar et Sundaraj 25
Chaetomorpha sp.
Heterotrophic bacteria associated with seaweed 487
Chandrasekharania keralensis Poaceae
Chandrasekharania : A new genus of poaceae from Kerala, India 79
Chlorophyll
Association of chlorophyll content, phyllotaxy, photosynthesis and B group vitamins in some C_3 and C_4 plants 495
Chromatophores
Contributions to our knowledge of Indian algae-III. *Euglenineae*-part I. The *Euglena* Ehrenberg 551
Chromosome relationships
Chromosome relationships of spinous solanums 83
Chrysanthemum
Correlated promotion of ray-floret growth in chrysanthemum by potassium chloride, gibberellic acid and sucrose 101
Cluseaceae
Pharmacognostic studies on the flower of *Mesua ferrea* L. 211
Cocoyams
Non-inheritance of isomerism in cocoyams 17
Compositae
Embryological studies in *Launaea nudicaulis* Hook 519
Contortion
Non-inheritance of isomerism in cocoyams 17
Cork-warts
Cork-warts in *Eucalyptus* species 289
Cyamopsis tetragonolobus
Changes in proteins, amino and keto-acids in different seedling parts of *Cyamopsis tetragonolobus* Linn. during growth in light and darkness 417
Cymbopogon
Embryological studies in three species of *Cymbopogon* Spreng (Poaceae) 55
Cytology
Cytological studies on certain acanthaceae from Central India 479
Cytotypes
Cytological studies on certain acanthaceae from Central India 479

Delonix regia
Impact of extension growth and flowering on the cambial activity of *Delonix regia* Rafin. 201
Desmids
Cell division in *Staurastrum gracile* Ralfs under the scanning electron microscope 4
Distribution
Studies on *Beggiatoa* : Distribution and growth in aquatic habitats of Visakhapatnam 159
d-scars
Cork-warts in *Eucalyptus* species 289
d-stomata
Cork-warts in *Eucalyptus* species 28

Embryology
A contribution to the embryology of *Alysicarpus monilifer* D.C. 9
Embryological studies in *Launaea nudicaulis* Hook. 51

Endophytes
Vesicular arbuscular mycorrhiza in subtropical aquatic and marshy plant communities 69
Enrichment culture medium
Studies on *Beggiatoa*: Distribution and growth in aquatic habitats of Visakhapatnam 159
Enteromorpha sp.
Heterotrophic bacteria associated with sea weed 487
Epidemiology
Effect of ridge gourd pollen on zoospore germination of *Pseudoperonospora cubensis* and its significance in epidemiology 427
Epidermal characters
Taxonomic importance of epidermal characters in the Indian *Thespesia* Corr (Malvaceae) 509
Eucalyptus
Cork-warts in *Eucalyptus* species 289
Exogenous origin
Initiation, development and structure of root nodules in some members of the tribe Trifolieae (Papilionaceae) 309
Extension growth
Photoperiodic control of extension growth, bud dormancy and flowering of *Nerium indicum* Mill. and *Thevetia peruviana* Schum. 175
Impact of extension growth and flowering on the cambial activity of *Delonix regia* Rafin. 201

F_1 hybrids
Chromosome relationships of spinous solanums 83
Ficus amplocarpa
Identity of *Ficus macrocarpa* Wt. *ex* King (= *F. amplocarpa* nom. nov.) and *F. guttata* (Wt.) King—A reinvestigation with anatomical evidence 115
Ficus guttata
Identity of *Ficus macrocarpa* Wt. *ex* King (= *F. amplocarpa* nom. nov.) and *F. guttata* (Wt.) King—A reinvestigation with anatomical evidence 115
Fimbristylis
Studies in Cyperaceae : XVII Novelties in *Fimbristylis* L. Vahl and their vegetative anatomy 43
Flagellum
Contributions to our knowledge of Indian algae-III. *Euglenineae*-Part I. The genus *Euglena* Ehrenberg 551
Floral anatomy
The floral anatomy of *Kniphofia uvaria* Hook. (Liliaceae : Kniphofieae) 351
Flower
Pharmacognostic studies on the flower of *Mesua ferrea* L. 211
Flower growth
Correlated promotion of ray-floret growth in chrysanthemum by potassium chloride, gibberellic acid and sucrose 101
Flowering
Photoperiodic control of extension growth, bud dormancy and flowering of *Nerium indicum* Mill. and *Thevetia peruviana* Schum. 175
Responses of cotton-cultivars to long day conditions 389
Flowering cambial activity
Impact of extension growth and flowering on the cambial activity of *Delonix regia* Rafin. 201
Flower longevity
Effect of water stress on opening and longevity of flowers in Gladiolus 371
Flower opening
Effect of water stress on opening and longevity of flowers in Gladiolus 371

Genus *Jackiella*
The genus *Jackiella* in South India 131
Geocalycaceae
Geocalyx Nees—a rare marsupial genus from India 139
Geocalyx
Geocalyx Nees—a rare marsupial genus from India 139
Gibberellic acid
Correlated promotion of ray-floret growth in chrysanthemum by potassium chloride, gibberellic acid and sucrose 101
Gladiolus
Effect of water stress on opening and longevity of flowers in Gladiolus 371
Gossypium spp.
Anther and pollen development in cotton haploids and their parents 409
Grain amaranth
Leaf proteinase and nitrate reductase activities in relation to grain protein levels and grain yield in four species of grain amaranth 433
Grain protein
Leaf proteinase and nitrate reductase activities in relation to grain protein levels and grain yield in four species of grain amaranth 433
Grain yield
Leaf proteinase and nitrate reductase activities in relation to grain protein levels and grain yield in four species of grain amaranth 433

Green ear disease
Viability and infectivity of zoospores of *Sclerospora graminicola* (Sacc.) Schroet in the soil 303
Green gram
Interaction of kinetin with B group vitamins on the seedling growth of green gram (*Phaseolus radiatus* L.) 183
Groundnut rust
Groundnut rust—its survival and carry-over in India 93
Growth
Studies on *Beggiatoa*: Distribution and growth in aquatic habitats of Visakhapatnam 159
Growth characteristics
Seed germination and seedling establishment of two closely related *Schima* species 397
Growth rates
Growth response of some thermophilous fungi at different incubation temperature 155
Growth retardants
Effect of Morphactin, AMO-1618 and DPX-1840 on the endogenous levels of hormones and its implication on apical dominance in *Glycine max* Linn. 501
Growth strategies
Reproductive efficiency of secondary successional herbaceous populations subsequent to slash and burn of sub-tropical humid forests in north-eastern India 61

Gullet
Contributions to our knowledge of Indian algae-III. *Euglenineae*-Part-I. The genus *Euglena* Ehrenberg 551
Hematochrome
Contributions to our knowledge of Indian algae-III. *Englenineae*-Part-I. The genus *Euglena* Ehrenberg 551
Heplaids
Anther and pollen development in cotton haploids and their parents 409
Hepaticae
The genus *Jackiella* in South India 131
Geocalyx Nees—a rare marsupial genus from India 139
Heterostyly
Turnera ulmifolia var. *elegans* × *T. ulmifolia* var. *angustifolia* crosses and its bearing on the taxonomy of the species 319
Heterotrophic bacteria
Heterotrophic bacteria associated with seaweed 487
Himalayan forests
Quantitative profile structure of certain forests in the Kumaun Himalaya 529
Hormones
Effect of Morphactin, AMO-1618 and DPX-1840 on the endogenous levels of hormones and its implication on apical dominance in *Glycine max* Linn. 501
Hypnea sp.
Heterotrophic bacteria associated with seaweed. 487

Incompatibility
Effect of CO_2 in overcoming self-incompatibility barriers in *Brassica campastris* L. var. toria 227
Turnera ulmifolia var. *elegans* × *T. ulmifolia* var. *angustifolia* crosses and its bearing on the taxonomy of the species 319
Intervarietal crosses
Turnera ulmifolia var. *elegans* × *T. ulmifolia* var. *angustifolia* crosses and its bearing on the taxonomy of the species 319
Insoluble polysaccharides
Morphological and metabolic changes in the egg and zygote of *Lagerstroemia speciosa*. I. Cell size, vacuole and insoluble polysaccharides 465
Isomerism
Non-inheritance of isomerism in cocoyams 17

Jungermanniales
Geocalyx Nees–a rare marsupial genus from India 139

Keto acids
Changes in proteins, amino and keto-acids in different seedling parts of *Cyamopsis tetragonolobus* Linn. during growth in light and darkness 417
Kinetin
Interaction of kinetin with B group vitamins on the seedling growth of green gram (*Phaseolus radiatus* L.) 183
Kniphofia uvaria
The floral anatomy of *Kniphofia uvaria* Hook. (Liliaceae ; Kniphofieae) 351

Lagerstroemia speciosa
Morphological and metabolic changes in the egg and zygote of *Lagerstroemia speciosa*. I. Cell size, vacuole and insoluble polysaccharides 465
Lamiaceae
Leaf surface studies of some medicinal salvias 449
Launaea nudicaulis
Embryological studies in *Launaea nudicaulis* Hook 519

Leaf architecture
Leaf architecture of apocynaceae 189
Leaf area ratio
Reproductive efficiency of secondary successional herbaceous populations subsequent to slash and burn of sub-tropical humid forests in north-eastern India 61
Leaf nitrate reductase activity
Leaf proteinase and nitrate reductase activities in relation to grain protein levels and grain yield in four species of grain amaranth 433
Leaf proteinase activity
Leaf proteinase and nitrate reductase activities in relation to grain protein levels and grain yield in four species of grain amaranth 433
Leaves
Leaf surface studies of some medicinal salvias 449
Leguminosae
Anatomy of the seedling of the Leguminosae-I 281
Litter dynamics
Structure and function of a sub-tropical humid forests of Meghalaya II. Litter dynamics and nutrient cycling 255
Long day
Responses of cotton-cultivars to long day conditions 389

Macrophomina phaseolina
Transmission of seed-borne inoculum of *Macrophomina phaseolina* from seed to plant 357
Male sterile
Anther and pollen development in cotton haploids and their parents 409
Malvaceae
Taxonomic importance of epidermal characters in the Indian *Thespesia* Corr. (Malvaceae) 509
Mesua ferrea
Pharmacognostic studies on the flower of *Mesua ferrea* L. 211
Microthermophiles
Growth response of some thermophilous fungi at different incubation temperatures 153
Mimosaceae
Pericarpial sclereids in some Mimosaceae 297
Moat
Contributions to our knowledge of Indian algae–III. *Euglenineae*-Part I. The genus *Euglena* Ehrenberg 551
Moorella speciosa
Thaxteriellopsis lignicola and its *Moorella* anamorph 1
Morphology
Identity of *Ficus macrocarpa* Wt. *ex* King (*F. amplicarpa* nom. nov.) and *F. guttata* (Wt.) King—A reinvestigation with anatomical evidence 115

Nerium indicum
Photoperiodic control of extension growth, bud dormancy and flowering of *Nerium indicum* Mill. and *Thevetia peruviana* Schum. 175
New genus
Chandrasekharania : A new genus of Poaceae from Kerala, India 79
New species
Chandrasekharania : A new genus of Poaceae from Kerala, India 79
Nodal anatomy
Anatomy of the seedling of the Leguminosae-I 281
Nuclear disintegration
Nuclear behaviour during heartwood formation in *Acacia auriculiformis* A. Cann 107
Nucleolus
Nuclear behaviour during heartwood formation in *Acacia auriculiformis* A. Cann 107
Nucleus
Nuclear behaviour during heartwood formation in *Acacia auriculiformis* A. Cann 107
Nutrient cycling
Structure and function of a sub-tropical humid forest of Meghalaya. II. Litter dynamics and nutrient cycling 255
Nutrients
Structure and function of a sub-tropical humid forest of Meghalaya I. Vegetation, biomass and its nutrients 241

Obligate
Apomixis in *Cenchrus glaucus* Mudaliar et Sundaraj 25
Ontogenetic types
Ontogeny of the paracytic stoma : Variations and modifications 145

Papilionaceae
Petal venation in *Trigonella* (Papilionaceae) 379
Paracytic
Ontogeny of the paracytic stoma : Variations and modifications 145
Paramylum
Contributions to our knowledge of Indian algae–III. *Euglenineae* Part-I. The genus *Euglena* Ehrenberg 551
Pearl millet
Viability and infectivity of zoospores of *Sclerospora graminicola* (Sacc.) Schroet in the soil 303

Pericarp
Pericarpial sclereids in some Mimosaceae 297
Petal venation
Petal venation in *Trigonella* (Papilionaceae) 379
Pharmacognosy
Pharmacognostic studies on the flower of *Mesua ferrea* L. 211
Pharmacognosy of the stems of *Portulaca quadrifida* L. and *Portulaca oleracea* L. 235
Photoperiod
Photoperiodic control of extension growth, bud dormancy and flowering of *Nerium indicum* Mill, and *Thevetia peruviana* Schum. 175
Responses of cotton-cultivars to long day conditions 389
Photosynthesis
Association of chlorophyll content, phyllotaxy, photosynthesis and B group vitamins in some C_3 and C_4 plants 495
Phyllotaxy
Association of chlorophyll content, phyllotaxy, photosynthesis and B group vitamins in some C_3 and C_4 plants 495
Poaceae
Embryological studies in three species of *Cymbopogon* Spreng (Poaceae) 55
Airborne pollen grains of Visakhapatnam : A combined field and air sampling study 329
P. oleracea L.
Pharmacognosy of the stems of *Portulaca quadrifida* L. and *Portulaca oleracea* L. 235
Pollen effect
Effect of ridge gourd pollen on zoospore germination of *Pseudoperonospora cubensis* and its significance in epidemiology 427
Pollen productivity
Airborne pollen grains of Visakhapatnam : A combined field and air sampling study 329
Pollination calendar
Airborne pollen grains of Visakhapatnam : A combined field and air sampling study 329
Polyethylene glycol
Effect of water stress on opening and longevity of flowers in Gladiolus 371
Polyploidy
Cytological studies on certain acanthaceae from Central India 479
Porto Novo
Heterotropic bacteria associated with seaweed 487
Portulaca quadrifida L.
Pharmacognosy of the stems of *Portulaca quadrifida* L. and *Portulaca oleracea* L. 235
Potassium chloride
Correlated promotion of ray-floret growth in chrysanthemum by potassium chloride, gibberellic acid and sucrose 101
Prefoliation
Non-inheritance of isomerism in coccyams 17
Profile structure
Quantitative profile structure of certain forests in the Kumaun Himalaya 529
Proliferation of cortex
Initiation, development and structure of root nodules in some members of the tribe Trifolieae (Papilionaceae) 309
Protease activity
Changes in proteins, amino and keto-acids in different seedling parts of *Cyamopsis tetragonolobus* Linn. during growth in light and darkness 417
Protein
Changes in proteins, amino and keto-acids in different seedling parts of *Cyamopsis tetragonolobus* Linn. during growth in light and darkness 417
Pseudoperonospora cubensis
Effect of ridge gourd pollen on zoospore germination of *Pseudoperonospora cubensis* and its significance in epidemiology 427
Puccinia arachidis Speg.
Groundnut rust—its survival and carry-over in India 93

Regeneration
Regeneration of plantlets from callus of *Elettaria cardamomum* Maton 37
Reproductive effort
Reproductive efficiency of secondary successional herbaceous populations subsequent to slash and burn of sub-tropical humid forests in north-eastern India 61
Ridge gourd
Effect of ridge gourd pollen on zoospore germination of *Pseudoperonospora cubensis* and its significance in epidemiology 427
Root nodule
Initiation, development and structure of root nodules in some members of the tribe Trifolieae (Papilionaceae) 309
Root protein
Interaction of kinetin with B group vitamins on the seedling growth of green gram (*Phaseolus radiatus* L.) 183

Salvia
Leaf surface studies of some medicinal salvias 449

Scanning electron microscope
Leaf surface studies of some medicinal salvias 464
Sclereids
Pericarpial sclereids in some Mimosaceae 297
Sclerospora graminicola
Viability and infectivity of zoospores of *Sclerospora graminicola* (Sacc.) Schroet in the soil 303
Seaweed
Heterotrophic bacteria associated with seaweed 487
Seed-borne transmission
Transmission of seed-borne inoculum of *Macrophomina phaseolina* from seed to plant 357
Seed germination
Seed germination and seedling establishment of two closely related *Schima* species 397
Seedling establishment
Seed germination and seedling establishment of two closely related *Schima* species 397
Seedling parts
Changes in proteins, amino and keto-acids in different seedling parts of *Cyamopsis tetragonolobus* Linn. during growth in light and darkness 417
Seedlings
Anatomy of the seedling of the Leguminosae—I 281
S. surattense
Chromosome relationships of spinous solanums 83
Seed set
Effect of CO_2 in overcoming self-incompatibility barriers in *Brassica campestris* L. var. toria 227
Seed-sterility
Embryological studies in three species of *Cymbopogon* Spreng (Poaceae) 55
Sesamum indicum
Transmission of seed-borne inoculum of *Macrophomina phaseolina* from seed to plant 357
S. integrifolium
Chromosome relationships of spinous solanums 83
Slenderness ratio
Nuclear behaviour during heartwood formation in *Acacia auriculiformis* A. Cann 107
Soil
Viability and infectivity of zoospores of *Sclerospora graminicola* (Sacc.) Schroet in the soil 303
Solanum indicum
Chromosome relationships of spinous solanums 83
Soybean
Effect of morphactin, AMO-1618 and DPX-1840 on the endogenous levels of hormones and its implication on apical dominance in *Glycine max* Linn. 501
Square
Responses of cotton-cultivars to long day conditions 389
Staurastrum gracile Ralfs
Cell division in *Staurastrum gracile* Ralfs. under the scanning electron microscope 443
Sterility
Chromosome relationships of spinous solanums 83
Stoma
Ontogeny of the paracytic stoma : Variations and modifications 145
Subtropical aquatic community
Vesicular arbuscular mycorrhiza in subtropical aquatic and marshy plant communities 69
Subtropical forest
Structure and function of a sub-tropical humid forest of Meghalaya I. Vegetation. biomass and its nutrients 241
Successional communities
Reproductive efficiency of secondary successional herbaceous populations subsequent to slash and burn of sub-tropical humid forests in north-eastern India 61
Sucrose
Correlated promotion of ray-floret growth in chrysanthemum by potassium chloride, gibberellic acid and sucrose 101
Effect of water stress on opening and longevity of flowers in Gladiolus 371
Survival
Groundnut rust—its survival and carry-over in India 93

Tannia
Non-inheritance of isomerism in cocoyams 17
Taro
Non-inheritance of isomerism in cocoyams 17
Taxonomic details
The genus *Jackiella* in South India 131
Taxonomy
Identity of *Ficus macrocarpa* Wt. ex King (= *F. amplocarpa* nom. nov.) and *F. guttata* (Wt.) King—A reinvestigation with anatomical evidence 115
Taxonomic importance of epidermal character in the Indian *Thespesia* Corr. (Malvaceae) 509

Teleomorph
Thaxteriellopsis lignicola and its *Moorella* anamorph 1
Temperature
Growth response of some thermophilous fungi at different incubation temperatures 153
Thaxteriellopsis lignicola
Thaxteriellopsis lignicola and its *Moorella* anamorph 1
Thermophiles
Growth response of some thermophilous fungi at different incubation temperatures 153
Thermotolerant
Growth response of some thermophilous fungi at different incubation temperatures 153
Thespesia
Taxonomic importance of epidermal characters in the Indian *Thespesia* Corr. (Malvaceae) 509
Thevetia peruviana
Photoperiodic control of extension growth, bud dormancy and flowering of *Nerium indicum* Mill. and *Thevetia peruviana* Schum. 175
Transition wood
Nuclear behaviour during heartwood formation in *Acacia auriculiformis* A. Cann 107
Trigonella
Petal venation in *Trigonella* (Papilionaceae) 379
Tree adaptation
Seed germination and seedling establishment of two closely related *Schima* species 397
Tree growth
Impact of extension growth and flowering on the cambial activity of *Delonix regia* Rafin 201
Trichome scars
Cork-warts in *Eucclyptus* species 289
Trifolieae
Initiation, development and structure of root nodules in some members of the tribe Trifolieae (Papilionaceae) 309
Turnera
Turnera ulmifolia var. × *T. ulmifolia* var. *angustifolia* crosses and its bearing on the taxonomy of the species 319
Variations
Ontogeny of the paracytic stoma : Variations and modifications 145
Variation in vacuolar size
Morphological and metabolic changes in the egg and zygote of *Lagerstroemia speciosa*. I. Cell size, vacuole and insoluble polysaccharides 465
Vascular derivatives
Impact of extension growth and flowering on the cambial activity of *Delonix regia* Rafin 201
Vegetative anatomy
Studies in Cyperaceae : XVII. Novelties in *Fimbristylis* (L.) Vahl and their vegetative anatomy 43
Vellar estuary
Heterotrophic bacteria associated with seaweed 487
Venation pattern
Leaf architecture of apocynaceae 189
Vesicular arbuscular mycorrhiza
Vesicular arbuscular mycorrhiza in subtropical aquatic and marshy plant communities 69
Viability of seeds
Seed germination and seedling establishment of two closely related *Schima* species 397
Water stress
Effect of water stress on opening and longevity of flowers in Gladiolus 371
Wound cork
Cork-warts in *Eucalyptus* species 289
Zoospore
Viability and infectivity of zoospores of *Sclersoopora graminicola* (Sacc.) Schroet in the soil 303
Zoospore germination
Effect of ridge gourd pollen on zoospore germination of *Pseudoperonospora cubensis* and its significance in epidemiology 427
Yield
Responses of cotton-cultivars to long day conditions 389
